Communication with Those Charged with Governance

June 18, 2019

To the Board of Directors of
Peru Mission USA, Inc.

We have audited the financial statements of Peru Mission USA, Inc. (the "Organization") for the nine months ended September 30, 2018, and have issued our report thereon dated June 18, 2019. Professional standards require that we provide you with information about our responsibilities in accordance with auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 5, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Results

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Peru Mission USA, Inc. are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the nine months ended September 30, 2018. We noted no transactions entered into by the Organization during the nine months for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management, and are based on management's knowledge and experience about past and current events, and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements is:

Management's estimate of the functional expense allocation is based on review of expenses and allocating them among programs and supporting services that benefited. We evaluated the key factors and assumptions used to develop the functional expense allocation in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no uncorrected or corrected misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be

significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter included in Appendix A.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors and management of Peru Mission USA, Inc., and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Dixon Hughes Goodman LLP

Greenville, South Carolina

This representation letter is provided in connection with your audit of the financial statements of Peru Mission USA, Inc. (the “Organization”), which comprise the statement of financial position as of September 30, 2018 and the related statement of activities and changes in net assets, functional expenses, and cash flows for the nine months then ended, and the related notes to the financial statements, for the purpose of expressing an opinion on whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter:
