

University Ministry

Since 2002 Sociedad Universitaria San Agustín (SUSA) has ministered the Gospel on the university campuses of Trujillo and Cajamarca. In small and large group settings, seminars and conferences, and one-on-one discipleship SUSA seeks to develop Christian leaders in every profession and calling, who will carry out cultural renewal and see Christ exalted over all of life.

How You Can Help

Help us develop Christian leaders from among university students in Peru by regular prayer for our campus pastors, interns, and students. Consider bringing a short-term team to help us conduct a week-long English Immersion Camp, or help us organize visiting scholar lectures. Please consider also a monthly financial commitment to support the ministry on a new campus, or contribute to our SUSA Scholarship Fund.
